Hi folks:

We had a small meeting on Tuesday. It was Meg, myself, Sara and Chelsea, so I am just going to provide a brief summary. We talked about the Child-Family Dialogue and agreed that the next step was to get the work group from to join us for our next meeting. That group meets today, so we will set a time for the next meeting afterwards.

The rest of the time was spent thinking about the curriculum for a training. Sarah provided an initial outline that I edited a bit, and Met brought some additional materials related to group facilitation. We agreed to work on content before thinking about methods for training. Sarah will look for additional information that might be relevant from CPC documents and the SAMHSA Guide. Meg will try to incorporate the material that she brought.

I will attach the original draft in case you want to take a look.

I will let you know about our next meeting also.

Take care,

WES
